### Intergraph® CADWorx® & Analysis Solutions

#### **Intergraph® TANK™ analysis and design capabilities featured in June edition of *Hydrocarbon Engineering* magazine**

HOUSTON, Texas, August 22, 2011 – Intergraph TANK is mentioned in an article titled “Encoding Safety” in the June 2011 edition of *Hydrocarbon Engineering* magazine. The article focuses on the importance of ensuring the safety of above-ground oil storage tanks, citing examples of some major tank failures and how they could have been prevented or their severity reduced with proper engineering analysis and design and maintenance according to industry codes and standards. The article mentions the TANK software program as a proven tool that makes engineering analysis and design of these tanks easier, faster and more accurate.

###

#### **About Intergraph CADWorx & Analysis Solutions**

The Intergraph CADWorx & Analysis Solutions (CAS) products allow design and engineering to share relevant information seamlessly, thereby maintaining accuracy and improving efficiency. They include CADWorx Plant Design Suite for AutoCAD®-based intelligent plant design modeling, process schematics and automatic production of plant design deliverables; CAESAR II, the world’s most widely used pipe stress analysis software; PV Elite for vessel and exchanger design and analysis; and TANK for the design and analysis of oil storage tanks. For information on Intergraph CAS, visit [www.coade.com](http://www.coade.com).

Intergraph, the Intergraph logo, CADWorx, CAESAR II and PV Elite are registered trademarks, and TANK is a trademark of Intergraph Corporation. Other brands and product names are trademarks of their respective owners. © 2011 Intergraph Corp. All rights reserved.
