

For Immediate Release

COADE releases CADWorx Design Create and CADWorx Design Viewer for publishing and viewing date-limited, password protected review models

HOUSTON, TEXAS – May 12, 2009 – COADE announced today the release of CADWorx Design Create, an add-on for CADWorx Design Review for publishing date-limited and password protected review models that can be read by CADWorx Design Review and CADWorx Design Viewer. CADWorx Design Viewer is a free viewer that allows project stakeholders to view models published by CADWorx Design Create, including the ability to view animations plus access to all intelligent information including model markups and annotations.

CADWorx Design Review provides 3D review of plant design models for collaboration among designers, project managers, facility owners and other stakeholders involved in the review, modification and approval of designs prior to fabrication or construction.

CADWorx Design Create, CADWorx Design Viewer, and CADWorx Design Review provide full integration with CADWorx Plant. Details on these and other COADE products are available at www.coade.com.

About COADE

COADE, Inc. is a provider of software for multiple plant design and engineering disciplines. COADE's aims are that design and engineering should share relevant information seamlessly, thereby maintaining accuracy and improving efficiency. COADE's product line conforms to those goals and includes: CAESAR II, the world's most widely used pipe stress analysis software; PV Elite for pressure vessel and heat exchanger design and analysis; CADWorx Plant Design Suite for intelligent plant design modeling, process schematics and automatic production of plant design deliverables; and TANK for the design and analysis of oil storage tanks. COADE, CAESAR II, CADWorx, PV Elite, CodeCalc and TANK are registered trademarks or trademarks of COADE, Inc. For more information, visit www.coade.com.
