The tight technology integration offered by Autodesk Inventor 2011 software and the complete Autodesk Digital Prototyping software portfolio helps enable designers and engineers to compete more effectively and do more work in house.</p> <p>Please click here for more information</p> <hr/> <p>ImageGrafix Training Services Division now offers two new PIPENET VISION Training Courses</p> <p><input type="checkbox"/> PIPENET VISION Transient Module Training Course (2 Days)</p> <p>Please click here for more information</p> <p><input type="checkbox"/> PIPENET VISION Spray/Sprinkler Module Training Course (1 Day)</p> <p>Please click here for more information</p> <hr/> <p>Paulin Research Group is pleased to announce the release of PRG2010 - FEPIPE 6.0 / NozzlePRO 8.0.</p> <p>All clients current on their SMS are encouraged to request a download link.</p> <p>The significance of PRG2010 is the incorporation of the mandatory A08 ASME Section VIII, Division 2 A08 Addenda. The 2007 edition of ASME Section VIII-2 is mandatory as of July 1, 2009. All new equipment designed with the rules of ASME VIII-2 should utilize the 2007 edition and applicable addenda. This is a relatively large change from the old Code. The stress numbers and output will be different. The addenda has been incorporated as an option in all our programs, but the new Code is MANDATORY and is referenced in the new B31.3 304.7.2</p> <hr/> <p>Firefox Add-on for Autodesk Design Review 2011 Now Available</p> <p>The Firefox Add-on for Autodesk Design Review lets you view HTML pages, that have DWF files embedded in them, with Firefox. Without the add-on this functionality only works with Internet Explorer. It is an add-on to your already-installed Autodesk Design Review. The team updated this add-on so it is compatible with Autodesk Design Review 2011.</p> <p>Free Download of Firefox Add-on for Autodesk Design Review from Autodesk Labs</p> <hr/> <p>CAESAR II Hints & Tips</p> <p><i>Prevent graphical updates to the model</i></p> <p>If you want to prevent any graphical updates while editing an existing model in CAESAR II, click the 'Padlock' Icon on the</p>
---	--

'Reset' toolbar. Once its activated, the graphics will be locked and no graphical updates will be performed.

Current Versions of Intergraph Analysis and CADWorx Products Group

Product	Version	Build Number	Build Date
CADWorx	2010	20100427	April 27, 2010
CAESAR II	5.20	100122	January 22, 2010
PV Elite (incl. CodeCalc)	2010	100305	March 5, 2010
TANK	3.20	090923	September 23, 2009

e-Flash!: New HCPAs posted to HTRI Website

HTRI Computer Program Alerts (HCPAs) have been updated to www.HTRI.net for:

-  HTRI *Xchanger Suite* and components *Xace, Xfh, Xhpe, Xist, Xjpe, Xphe, Xtlo, and Xvib*
-  HTRI e-Library
-  EHT

Access to the HTRI Member Center on website requires installation of e-Library. HCPAs are posted on the web in HTML format. New items are posted first; active items (those previously reported and not yet corrected) and corrected items follow. Hyperlinks allow easy access to each item's description.

The New Versions of Foundation Design Software Products has been Released by Dimensional Solutions

Dimensional Solutions has announced the new version release of their following software products:

-  Combined3D Version 5.1.1
-  Foundation3D Version 5.6.0
-  Mat3D Version 5.6.0
-  Shaft3D Version 4.5.1

Customers with annual subscription agreements on maintenance, updates and support may contact ImageGrafix for assistance on downloading the above new updates.

Upgrade your Old AutoCAD or AutoCAD Based software to AutoCAD Mechanical 2011, AutoCAD Electrical 2011 or AutoCAD Inventor 2011 at 30% discounted price

The complexity and the scope of projects have increased significantly over the last few years. Therefore it's getting more and more important to optimise procedures and to streamline workflows in order to secure a critical competitive advantage. The AutoCAD® 2011 family can help you in these efforts. With powerful new features it can power your projects from concept through completion.

Legacy Program

The Autodesk® Legacy Program provides customers who own valid licenses of select retired Autodesk® software the opportunity to purchase discounted, new licenses of current Autodesk products. Under the Autodesk Legacy program, customers with AutoCAD R14 through 2007-based software licenses have the opportunity to purchase new licenses of current Autodesk products at a 30% discount off the Standard Legacy Suggested Retail Price when purchased with Autodesk Subscription.

It's time to take design further. It's time for AutoCAD 2011.

Explore your ideas

Your ideas can take shape with greater clarity and accuracy than ever before, thanks to new surface modelling tools and point cloud support.

Speed your documentation

New inferred constraint capabilities make working with parametrics easier, and updated productivity tools help you deliver final design documentation faster than ever.

Customize with ease

AutoCAD 2011 allows you to exactly customize your user interface according to your unique needs. Additionally you can create customized design and drafting applications.

Communicate your designs seamlessly

With major updates to materials and surfaces, photorealistic rendering as well as the option of 3D printing you can communicate design intent with the impact you demand.

Eligibility

Customers, who own a valid license of select, retired Autodesk software that was not upgraded before their respective, publicly announced, retirement dates.
